A CORRECTION-THE RIGHT ONE DISCOVgagp. -On Monday afternoon, we published the following marriage notice, which was brought to our counter by the alleged groom in person, and duly paid for, as the rules of

our office require, viz : "Married on the 7th instant, by the Rev Joseph Wilson, Mr. John James Calvert to Miss Frances Marion Hurdle, all of this city On the next day, we received at our counter, in the same way, from the veritable groom in person, the following marriage notice, which was, of course, published on that occa-

sion, vis : "Married, on the 9th instant, by the Rev. Mr. Steele, Mr William Brook Galer, of Bladensburg, to Miss Frances Marion Hurdle, of this city

The really married pair, as per this last notice, on returning to the city from a short honey-moon trip, discovered, to their horror that the would-be groom had strangly mistaken a promise for a marriage, and thus brought the good name of the bride into question. They request us to deny, for them, the story of the first marriage, as being wholly without foundation; and say that the disappointed suitor has conveniently kept himself out of their way since their return home to Washington; otherwise they would have compelled a contradiction from under his own hand The so called "Rev. Joseph Wilson," who was alleged to have performed the first ceremony, appears to be a fictitious personage, as we have not been able to identify him in these

diggings.
Ho, FOR AN EFFICIENT COMMISSIONER!-A party immediately interested, complains to us of the manner in which the paving is being done on D street between Ninth and Tenth streets, where the law calls for a given number of inches of clean river gravel as a foundation for the paving stones, and for those stones not to exceed four inches in diameter. It is, of course, the interest of the contractor to use as little gravel as possible, and paving stones as much above the legal size as the commissioner of the ward will permit him to use. No one expects anything else. Yet if either of these two requirements are no strictly complied with, the commissioner grievously damages the property holders whe are taxed for the work. The city is sick and tired of laying down and tearing up, through want of strict attention on the part of super intending officers. As represented to us this is a glaring case. Life office under the cor poration must work its evil results. It is high time that our corp rate authorities came to understand that nothing can be worse for the interests in their care, than the plan of making a life estate in office, wherein the incumbent is charged with the duty of superintending work. There never yet was and perer will be a contractor who fails to take advantage of the luck of having his jobs execated under such chief superintendence.

FOUAL DIVISION .- It is rumored that a colered man, a day or two since, looking for the County Jail, asked a young man to show him the way. The young man told him that he could not do that, but there was a magistrate fair. on the other side of the way who could. The It seems to us that it would take a ver colored man went to the Justice's house, was entered with a constable, and the two conducted the colored individual to jail The next thing was to divide the imaginary reward. The Justice decided that twelve and a half dollars should go to his son, twelve and a half to himself, twelve and a half to the off. cer, and the remainder to the young man who sent him to the house. We suppose the division will be made when the reward is paid. We hope they may get it, but think the more honest way would have been to have directed the poor fellew to the jail without claiming a reward for doing nothing. The question which naturally presents itself is, What was the man locked up for!

"Noise and Confusion" -Our friend G. of the Clipper, who lives near Temperance Hall on E street, don't like the noise and confusion which sometimes prevails in that neigh borhood. In his letter of this morning he "We do not know what harm the people

living near and around Temperance Hall have done that they should be disturbed throughout the night by boisterous conduct. We have yet to learn that they are fond of such proceedings." Cannot the corporate authorities do some-

thing so that our nervous friends may live in peace and quietness?

Social Clubs -We had an opportunity of noticing the various club representatives at the late ball of the Empire Club. Nearly every club was represented, and the evening passed away very pleasantly. These clubs are formed solely for the pleasure and amusement of our young men. Among the representatives we noticed the following named gentlemen, presidents of their respective clubs: Mr. Wallings, Island Social Club; Mr. Williams, Mount Vernon Club; Mr. Robinson, Americus Club; Mr. Marceron, Terpsichore Club; President of Liberty Club, and Mr Brown, Good Will Club. The members of Empire Club deserve credit for their efforts to please all who were present.

THE AVENUE already begins to wear its winter appearance. It is now crowded every afternoon with pedestrians of both sexes There all may behold "the fashion" of Wastington, without paying a "quarter" for a peep. There, too, one never fails to see its vice and misery, as well as the brighter side of the picture. The stranger is most struck with the large proportion of beautiful and modestly-attired young girls just bursting into womanhood, with eyes of diamonds swimming in dissolved pearls, as it were, who grace our city. The "bucks" of the day, among us, are given to riding, and are to be seen, for the most part, either on their prancing steeds or behind their fast nags. So they go!

COLD WEATHER'S COMING -This is manifest in the longing glances cast at the superb and comfortable furs displayed around the door and windows of the fashionable establishment of our neighbor, John T Evans, by hundreds strolling up and down the avenue He is a very enterprising tradesman, and deserves the large patronage which his assiduity, in catering to suit all tastes, has already secured him. No man in Washington better understands the philosophy of the adage, that, in the way of than the slow shilling."

FUNERAL OF A FIRBMAN.—The members of the Perseverance Fire Company were busily engaged this morning in preparing their new and handsome hose carriage for use at the funeral of their late fellow-member, Mr. Jno. Watson, which will take place this afterneon. The hose carriage will make an excellent car for the purpose, and the company is determined to spare neither pains nor expense in fitting it completely.

AN ACCOMMODATION. - We are pleased to learn that a daily line of stages are about to be run between this city and Upper Marlboro', Md. This will be a great accommodation to people in this region, as there is considerable intercourse between Upper Marlboro' and the people in that region with our city

PROSCRIPTION .- Messrs. Tait and Brooks. employed on the Capitol extension, who it is proposed to proscribe on account of their foreign birth are both excellent officers and clever fellows The first named was only nine months old when he came to this country; the last but two years old. Mr. Tait has been in this country some thirty-five years, and Mr. Brooks about forty years.

ODD FELLOWS' FUNERAL -- Mount Nebe Encampment and Washington Lodge, I. O. O. F, preceded by a band of music, are out in precession this afternoon attending the fune tal of their late Brother, Jas. E Wall. Their destination is the Congressional Cemetery, where the body is to be interred.

GIFT CONCERT .- A gift concert will come off to-morrow evening at Odd Frilows' Hall. Sev. enth street. This concert will be given by the Pariows. Several valuable articles will be disposed of. See advertisemen, in another solumn.

AMUSEMENT FOR THE NAVY YARD .- PATrow's Troupe of Seranaders have engaged the Odd Fellows' Hall, Navy Yard for the purpose of giving an exhibition this evening We advise our friends in that region who wish to pass an hour or two pleasantly, to give the Parrows a call. They are hard to beat.

CAKE OF THE FIRST WATER .- J. G. Wesver. Pennsylvania avenue, opposite Brown's Hotel has on hand a fresh supply of the most delightful cake of every variety. We have tried them, and found them to be of the first water.

Mr. Star .- The Rev. Mr. Steele, repre sented to have married a couple in vour issue of November 13th, is not the Rev. W C Steel of the M. E. Church at Georgetown, D. C.

No Humbug.—We are requested to state that the Gift Concert of the Parrows will be no Fakir of Siva affair, and that every thing will be conducted fairly and honorably.

WATCH RETURNS .- Ed. Shay, drunk and lying in the street, dismissed; Robt. Wallen, profanity, fine. The lodgers were few this morning, and were dismissed at an early hour.

#### GEORGETOWN CORRESPONDENCE

Burned to Death at a Lime Kiln-Profits of the Fair-Treasurer's Report, &c.

GEORGETOWN, Nov. 17, 1854. A German, by the name of Charles Falterstein, went last night to the lime kilns of Capt. Dowling, it is supposed for the purpose of warming himself. While doing so he fell asleep, and was found dead this morning. Coroner Thos. Woodward held an inquest on the body, and the jury rendered the following verdict: That the said Charles Falsterstein. a German, was a very dissipated man, who had left his wife for the last three years, and was without any stated place of residence; he was in the habit of staying at night near Hugh Dowling's lime kilns, and that on the night in question he was found dead, about 111 o'clock, ust on the edge of the burning kiln, his right hand burned off, and the left also much burned; the jury have no doubt that he came to his death by suffocation from the gas of the kilns: that there was found in his pockets one three cent piece, a tobacco pipe, and an old comb, and that he had no visible means left for defraying the expenses of his burial.

The fine new building now in course of erection at the Georgetown College is rapidly approaching completion. The roof is now being put on, and hopes are entertained that a por tion of it at least will be completed this fall, se as to afford greater accommodations to the already large and constantly increasing num ber of students. It is supposed that the number next year will reach at least four hundred. We are informed that the amount expended each year in carrying on the operations of this extensive and flourishing institution is at least \$30,000.

At the Ladies' Academy, at the Convent of the Visitation, the number of young ladies present this year is unusually large.

The net profits of the Misses' Fair, at Hick' wareroom, to assist the pastor of Trinity church in paying for the new organ, amounted to the nice sum of \$144. It was truly a model

In a short while the Ju tice late Formerly a decline or advance in prices in Europe worked correspondingly in our markets. During the last five or six months. as a general thing, the opposite has been the result. A decline in Europe produces an advance, and an advance produces a decline Holders are firm this morning at our quotations of yesterday for each of the articles enu. merated.

The report of the treasurer of the Union Building Association, which was read at the annual meeting last night, showed the association to be in a flourishing condition. The earnings of the money paid in during the year is over seven per cent. Several changes were made in the officers, among them Mr. Thomas lower story being divided into three convenient M. Wilson was elected treasurer in the place of Mr. Henry English, who declined serving longer, in consequence of ill health. Mr John Shackleford was elected a director.

WEARS STANDING, CURED IN ONE MONTH, BY BUR-BOW'S ELIXIR VITE.

Mr. B. Burrow—Dear Sir—I am under great obligations to you for effecting a cure of that dreadful disease, Scrofula, by your preparation, called Elixir Vitz. The disease had baffled the most skillful Physicians, and I had taken at least one hundred bottles of Sarsaparilla, &c., without any effect. was in the most deplorable condition, part of my neck ul-erated to such an extent as to leave my wind-pipe exposed indeed, life seemed to me a burden. I had given over the idea of ever fluding relief, until recommended by one who had been similarly affected, and was cured by your medicine I was induced to take your preparation, and although I had been afflicted over twelve years, yet in the short space of thirty days I was entirely cured. I am now in good health and have been ever since. The cure was through a miracle

Dysentery, diarrhosa, cholera morbus liver complaint, and many other diseases enumerated in the liver complaint, and many other diseases enumerated in the city inspector's weekly catalogue of deaths, are generated by indigestion alone. Think of that, dyspepties; think of it all who suffer from disordered stomachs, and if you are willing to be guided by advice, founded upon experience, resort at once—don't delay a day—to Hoofiand's German Bitters, prepared by Dr. C. M. Jackson, which, as an alterative, curative, and invigorant, stands alone and unapproached. We have tried the Bitters; and know that they are excellent for the dispasses specified above.
